FRANKLIN LAKES, N.J., Aug. 19, 2021 /PRNewswire/ -- Becton, Dickinson and Company (NYSE: BDX) (the "Company" or "BD") today announced the early tender results for its previously announced tender offers to purchase for cash (i) any and all of the Company's 2.894% senior notes due 2022 and 3.300% senior notes due 2023, each listed in the first table below (the "Any and All Notes"), and (ii) in the order of priority set forth in the second table below, up to the applicable Maximum Tender SubCap of each of the Company's 3.875% senior notes due 2024, 3.734% senior notes due 2024 and 3.363% senior notes due 2024, each listed in the second table below (collectively, the "Maximum Tender Offer Notes" and together with the Any and All Notes, the "Securities" and each a "series"), subject to an aggregate maximum tender cap of \$1,285,000,000 (the "Aggregate Maximum Tender Cap"). The tender offers are being made pursuant to the terms and conditions set forth in the offer to purchase, dated August 5, 2021, as amended by the Company's press release dated August 10, 2021 (as so amended, the "Offer to Purchase") upsizing the Aggregate Maximum Tender Cap. The Company refers investors to the Offer to Purchase for the complete terms and conditions of the tender offers.

As of the previously announced early tender date and time of 5:00 p.m., New York City time, on August 18, 2021 (the "Early Tender Date"), according to information provided by Global Bondholder Services Corporation, the tender and information agent for the tender offers, the aggregate principal amount of each series of Securities set forth in the tables below under "Principal Amount Tendered at Early Tender Date" has been validly tendered and not validly withdrawn in the tender offers. Withdrawal rights for the Securities expired at 5:00 p.m., New York City time, on the Early Tender Date.

- (1) Per \$1,000 principal amount.
- (2) The Total Consideration for Securities validly tendered prior to or at the Early Tender Date (as defined below) and accepted for purchase is calculated using the applicable Fixed Spread and is inclusive of the Early Tender Payment.

The applicable consideration (the "Total Consideration") offered per \$1,000 principal amount of each series of Securities validly tendered and accepted for purchase pursuant to the applicable tender offer will be determined in the manner described in the Offer to Purchase by reference to the applicable fixed spread for such Securities specified in the tables above plus the applicable yield based on the bid-side price of the applicable U.S. Treasury Reference Security specified in the tables above at 10:00 a.m., New York City time, on August 19, 2021. The "Late Tender Offer Consideration" is equal to the Total Consideration minus the Early Tender Payment. The Company expects to announce the pricing of the tender offers later today.

Only holders of Securities who validly tendered and did not validly withdraw their Securities at or prior to the Early Tender Date are eligible to receive the Total Consideration for Securities accepted for purchase. Holders of Securities who validly tender their Securities after the Early Tender Date but prior to or at the expiration date will be eligible to receive the Late Tender Offer Consideration. Holders will also receive accrued and unpaid interest on Securities validly tendered and accepted for purchase from the last interest payment date up to, but not including, the date the Company makes payment for such Securities.

The Company has satisfied the financing condition in respect of the tender offers and expects to make payment for the Any and All Notes and Maximum Tender Offer Notes that were validly tendered prior to or at the Early Tender Date and that are accepted for purchase on August 20, 2021, which we refer to as the early settlement date.

Because the aggregate principal amount of 3.734% senior notes due 2024 tendered and not validly withdrawn would exceed the applicable Maximum Tender SubCap and the aggregate principal amount of Maximum Tender Offer Notes tendered and not validly withdrawn would exceed the Aggregate Maximum Tender Cap, the Company will not accept for purchase all such Maximum Tender Offer Notes that have been tendered. Rather, the Company will accept Maximum Tender Offer Notes of each applicable series for purchase on a prorated basis. The Company will accept all of the Any and All Notes tendered and not validly withdrawn as of the Early Tender Date. Since the tender offers for the Maximum Tender Offer Notes are fully subscribed as of the Early Tender Date, the Company does not expect it will accept any Maximum Tender Offer Notes tendered after the Early Tender Date. Any and All Notes tendered after the Early Tender Date and prior to or at the expiration date of the tender offers for the Any and All Notes will be accepted for purchase in the manner described in the Offer to Purchase.

On August 13, 2021, the Company issued notices of redemption for the Any and All Notes. The Company will redeem any Any and All Notes that are not tendered and accepted in such tender offers on September 13, 2021 in accordance with the indenture governing the Any and All Notes.
